PeopleLink Desktop Video Conferencing

Unlimited Free Client Logins enable you to Connect Anyone anywhere, not restricted to few installed locations only !! Connect over any network including 3G Data Cards and make all your employees VC ready even at LOW BANDWIDTH.

- State of the Art Next Gen Compression Technology
- In Built MCU (Multiparty Conference Unit)
- With Optional Composite TV Wall Module, the same solution gets upgraded to High End TelePresence version
- All in One Solution with Inbuilt Multiparty Video Conference and Data sharing
- Fully interactive Digital White Board application
- Inbuilt H.323 Gateway which Connects to any Hardware based H.323 Video Conferencing Device
- Video Conference on the Move / Inbuilt Video recording
- Each MCU license which you buy, you will get 100 Client Software Licenses FREE
- Optional MCU Splitting & Combining module & Standby MCU
- HOT Standby Module / Inbuilt SIP gateway / Mobile Module /GIPS Audio codec / Special low cost One Way Users
- Mobile Module /Master Slave Architecture /Optional

System Integration Solutions

Audio Video System Integration

- ◇ DLP / LCD / LED Projectors
- ◇ Mercury Free LED/Laser Hybrid Projectors
- ◇ Interactive Projectors & Whiteboard Solutions
- ◇ Board Room / Meeting Room Solutions
- ◇ Public Addressing Systems
- ◇ Podiums and conference hall solutions with all accessories

GPS Solutions

- ◇ Real - time Tracking / Fleet Status Dashboard
- ◇ Alerts & notifications (SMS / Email) - over speed geofence / route deviation / panic/ low battery/ fuel level.
- ◇ Administration / Messaging & History
- ◇ Integration with biometric and Mobile CCTV Solutions

Information Technology Support Services

- ◇ Life Cycle Management services such as AMC, ASC etc
- ◇ Proactive Support Services
- ◇ Preventive Care Services
- ◇ Facility Management Service
- ◇ Hostel Service Helpdesk
- ◇ Remote infrastructure Management Services

Other Solutions / Services

- ◇ Video Door Phones / Home automation solutions
- ◇ IPBX Solutions
- ◇ Hosting Services
- ◇ Corporate Endpoint Security Solutions
- ◇ Gateway / Anti-X Solutions
- ◇ Desktop / Laptops & Peripherals
